SIMPLY DELICIOUS

Autumn, a favorite time of the year for many of us, is just around the corner. Since apples and the arrival of the fall season are a good combination, we could not think of a better way to celebrate than with an elegant evening of Mark's famous county fair style apple crisp. Topped with a few scoops of French vanilla ice cream, this dessert is a tasty way to get us off to a good start to September! The event will be held on Thursday, September 13th at 6:00 p.m. in the Tenants Harbor Room. Tickets are available for this American Heart Association fundraiser at the reception desk for \$5.00. We hope to see you there!

100 YEARS YOUNG

It's pretty impressive when someone reaches their 100th birthday, and it's certainly deserving of a very special party. Schooner resident Dot Donovan had the honor of such a celebration and was the center of attention at her official 100th birthday party in early August.

LET THE MEETINGS BEGIN

Welcome back...to our monthly Resident Council meetings that is. It's hard to believe our meetings will be starting soon. We encourage all Schooner residents to consider attending. Along with receiving important, helpful community information, it is also a great way to say hi to new neighbors and friends you haven't seen for a while. The first meeting is scheduled for Tuesday, September 18th at 3:30 in the Tenants Harbor Room.

EMPLOYEE OF THE MONTH

Congratulations goes out to Donna Conant (below left), our August Employee of the Month. Donna is one of our hard working housekeepers and was chosen for going above and beyond her duties in taking care of residents and assisting her fellow employees on busy days. When extra work comes her way, she "rolls up her sleeves" and gets the job done with a warm and friendly personality.

A TIME FOR CELEBRATION

A 60th wedding anniversary, also known as a diamond anniversary, is a cause for celebration. Schooner residents Bob and Amy Rich had friends and family from near and far get together in mid August to be with them. Included among the many guests were 30 from their immediate family - their children, grand children and great grandchildren. Even though their actual anniversary date was in the Spring, this was their first chance to have their entire family from as far away as Texas and Canada get together and officially honor them!

A WONDERFUL DAY

Schooner Residential Care residents were invited to a day of fishing, refreshments and boat rides at No Name Pond, in mid August. The outing was hosted by Schooner Mariners Club members Roger & Marcie Beaulieu and their family, as part of a community service project by a group of Boy Scout members of Lewiston. Everyone had a fabulous time.

Thank you to our hosts for providing such a wonderful and memorable day for all!
