February Question: “Tell us About a Favorite Vacation”.

We have a few responses from last month’s question: “Tell Us About a Favorite Pet”.

See the article below from Schooner employee, Adriana Dakin, CRMA.

Thank you so much for sharing this with us Adriana!

“I’ve had both my girls for 8 years since puppies and my big boy for 4 years since he was a puppy. Civic, Chevelle & Rolla! They enjoy walks, runs & sunbathing. Outside time is the best time. You can catch these three on the couch snuggled up with a blanket, daily”.

From Schooner tenant, Cornelia Bowe sharing fond memories of her cat Sasha. Thank you Cornelia for sharing your story.

“My cat Sasha was a sociable cat. She would make friends with anyone who showed an interest in her. One of those was Sue O’Brien who always had a treat for Sasha, every morning. She made friends with another cat, Mozart, who lived down the hall. Mozart would play with her toys, share her food and inspect my closet before returning home just down the hall. Mozart recently left in the company of her current owner, Ruth. During a visit, the first thing he did was inspect my closet. I had Sasha for 18 years. She is gone now, and I miss her a lot”.

THE POWER OF PETS

Nothing compares to the joy of coming home to a loyal companion. The unconditional love of a pet can do more than keep you company. Pets may also **decrease stress, improve heart health, and even help children with their emotional and social skills.**

An estimated 68% of U.S. households have a pet.
