Schooner Tenant Profiles

Please give these folks a warm Schooner welcome!

Thank you to all Schooner Tenants and Employees who help put together our wonderful Tenant Profiles! Let us know if you have any pictures you would like to share with us and have posted in the Schooner Flash.

Marty and Mary Roop, residing in apt. 512, are new here to Schooner Estates but are not strangers by any stretch. Back in the early 2000's Marty's mother lived here along with another family member. Before coming to live here Marty and Mary lived and raised their family in Lisbon Falls and still enjoy being part of that community through their church and the local golf course where Marty is on a league. They have 3 sons and a daughter, 9 grandchildren and 9 great-grandchildren whom they love to go and watch playing sports. After raising their children Mary went on to be a nurse and believes "once a nurse always a nurse!" Marty spent over 30 years working for a packing company and later in life went to work for his son Steve Roop, owner and operator of Roopers Beverage & Redemption, who tragically passed away last year.
